

Technology Platforms for mechanical recycling

Product quality in line with our customer needs

Complementary technology solutions

Virgin rubber replacement

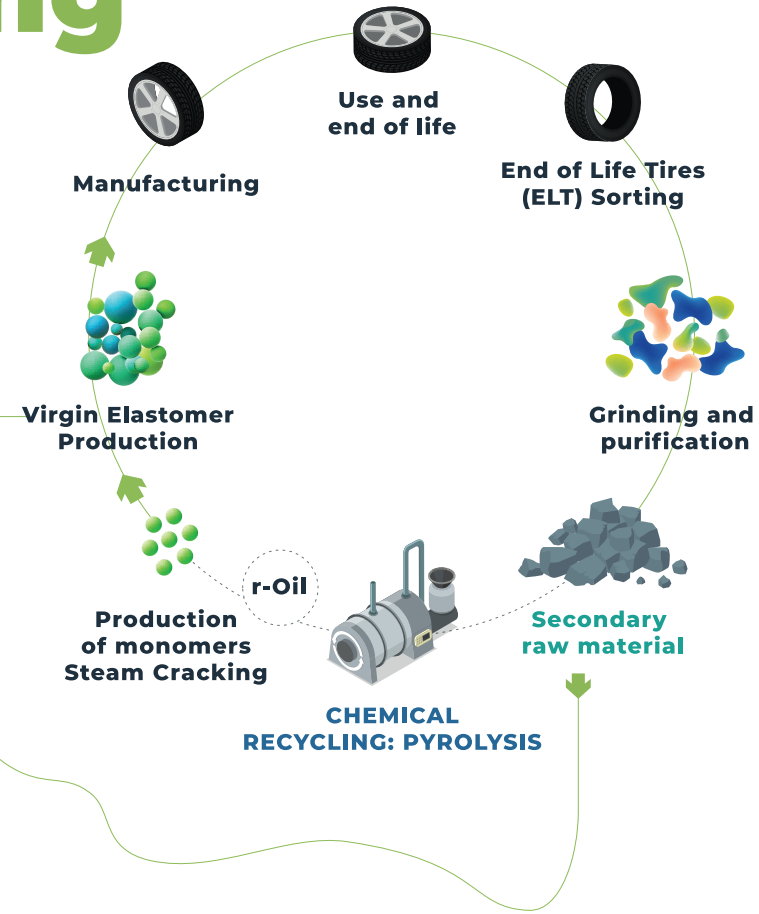

Recycling universe

DEVULCANIZATION (WITH AGR)
Versalis Revive® DVC devulcanized ELT compound from selected secondary raw material

SBR/ELT-POWDER MASTERBATCH
Versalis Revive® eSBR is a micromixed masterbatch of ELT powder embedded in an eSBR polymer matrix

MECHANICAL RECYCLING

Pyrolysis technology for the chemical recycling of mixed plastics
